

# THE EAGLE SUMMER INSTITUTE

## SAVE THE DATE: JULY 21-23, 2020

Eagle Academy for Young Men - Bronx Campus  
4143 Third Avenue, Bronx, NY 10457

Join us for an *immersive experience like no other to drive school culture, climate capacity-building and deepen equity work for more effectively engaging young men of color. Prepare yourself for the next school year as Eagle Academy educators and practitioners share Eagle Model-based practices from our network of six schools.*

Additionally, benefit from **30 years of key learnings and experiences** in a plenary session with EAF President and CEO, **David Banks**, author of *Soar: How Boys Learn, Succeed, and Develop Character*.

This **exclusive opportunity** is open to a limited number of School Solutions Teams consisting of **five (5) key influencers of climate and culture** per school, including **mandatory attendance by the Principal**. Our three-day Summer Institute will **empower your School Solutions Team** with practical strategies, tools and an **action plan for enhancing a learning environment and school culture where boys thrive.**

- Full-day program: 8:00am – 4:00pm
- Interactive, activities-based workshops
- Eagle rituals and routines
- Featured speakers and panels
- Action planning
- Daily meals
- Networking and shared experiences with a larger community of practice

*“The best workshop I have taken in quite some time. I’d be willing to sit through that again.”*

*“Made me reflect and think about the outcomes I need to get from the boys.”*

*“Incredible... should present to all the parent coordinators / PA presidents in our district and beyond.”*

*“Ideas on how to engage all groups of boys (top, bottom and middle).”*

*“Wow, engaging, thought-provoking, genuine, great delivery.”*

*“Enjoyed working with my group to create a mission statement.”*

*“...deepened dare I say shifted my understanding...”*

*“It was important to leave with a work product and we did.”*

***What was most impactful about the Professional Development Institute was being here with my team and developing the work that we have begun, but really doing that in a community of like-minded people and also facilitators who have done this work on the ground, who actually are grounded in practice, who have worked in schools and who have been doing this work with boys of color for years.***
